# Trusted Supplier in the GRMS Programme

External edition for clients and contractors

## Verified supplier status

Since July 2024, BackOffice Outsourcing Sp. z o.o. has been an approved and verified supplier in the Global Risk Management Solutions (GRMS) programme, a global supplier-risk assessment platform.

## Areas covered by verification

- Financial stability monitored through financial-risk assessment
- Digital insurance verification matched to client requirements
- Reputation protection through global source monitoring
- Regulatory compliance using more than 1,500 regulatory and sanctions sources
- Cybersecurity assessment for data-access protection
- Document verification against client-specific requirements
- Environmental, social and governance transparency
- Occupational health and safety risk management

## What this means

Participation confirms that the company meets demanding international expectations for security, reliability and operational transparency, supporting trusted cooperation with business partners.
